Focus

→ Applying everything in a real website.

What You Built

A complete responsive website with:

- Hero section
 - About section
 - Services section
 - Contact section
-

What Matters Here

- Layout structure
 - Consistent spacing
 - Clean design
 - Responsiveness
-

Responsiveness Check

Your project should:

- Work on mobile
- Adjust layouts properly
- Maintain spacing

Key Learning

Not just building a website, but:

- Breaking UI into sections
- Structuring layouts
- Thinking like a developer
